Citra-Valve™

High Flow
Needle-Free
Valve

Multi Usage

Citra-Valve™ HF for less manipulation of CVC's

- Citra-Valve™ HF reduces open hubs and contamination from 12 to 2 times per week (double lumen catheter).
- When inactive, Citra-Valve™ HF closes the catheter lumen completely.
- Citra-Valve™ HF can be swabbed with any disinfecting agent according local protocols.
- Citra-Valve™ HF maintains effective catheter blood flows.

Order Code: 24060995 (90 x 2 valves or 180 total valves per box)
